

"Don't look up." Nuestro papel en la sostenibilidad

KEYWORDS: sustainability, climate emergency / sostenibilidad, emergencia climática.

SUMMARY: This session is dedicated to inform and give tools for action in sustainability for the Spanish Society members. First, we will give visibility to the actions already taken by the different committees and observatories inside the SEA (20 mins talk). Second, we will present the results of a new survey on sustainability members that will be launched in February (10 mins talk). Third, we will give a short guide on how to include your projects, talks, teaching and publications (10 mins talk). Then we will have a round table open to all members (10 mins) the points discussed before and from the plenary talk on Sustainability, taking advantage of the presence of Fernando Valladares.
